TH Classic Mat

TH Classic Mat & Rubber Base

Our classic style golf range mat is designed for a fairway feel. With 4 tee line slots and 4 tee holes this mat can be turned four times for greater use of practice. This heavy duty, anti skid mat has a very forgiving feel and can be used inside and outside.

Specifications

Material: Nylon crimp turf | Eco glue | EVA foam rubber | Hard rubber

- Nylon crimp turf designed for a fairway feel
- Eco friendly glue layer with strong bonding properties
- Closed cell EVA foam rubber - high mechanical strength and shock absorbing
- Specialised hard rubber - anti slip and waterproof

Additional Information

Size: 150cm x 150cm
 Thickness: 3.5cm
 Weight: 27kg
 Tee holes: 4
 Tee lines: 4

“I have recently purchased range mats and bay dividers from TH Golf and I have to say the quality of the products is second to none. I purchased 4 driving range mats for an outdoor covered practice facility and the mats have not worn down or lost their quality despite extremely regular use.

The level of service was fantastic, and Tim took the time to explain the benefits of the different materials and the durability of each product. He was always on the end of the phone and responded to queries in a professional and prompt manner. 5*!”

Head Professional of Llantrisant Golf Club

TH Air Spiked Mat

TH Air Spiked Mat & Rubber Base

Our premium style multi-layer, shock absorbing mat is built with an extra air layer. This absorbs the impact energy, limiting the vibrations and pressure that people traditionally experience on poor quality mats. Recreating the feel of hitting from a real fairway.

Specifications

Material: Nylon crimp turf | Eco glue | Air fibers | EVA foam rubber | Hard rubber

- Nylon crimp turf designed for a fairway feel
- Eco friendly glue layer with strong bonding properties
- Air dampening fibre for an extra shock absorbing layer
- Closed cell EVA foam rubber - high mechanical strength and shock absorbing
- Specialised hard rubber - anti slip and waterproof

Additional information:

Size: 150cm x 150cm
 Thickness: 4cm
 Weight: 32kg
 Tee holes: 4
 Tee lines: 4

Includes 5 rubber tees (45mm, 55mm, 65mm, 70mm, 80mm)
 Has a 5 layer protection base giving ultimate comfort for those joints
 We can also add extra tee holes on request

Multi Turf Mat

TH Multi Turf Mat & Rubber Base

Our one-of-a-kind premium range mat and first ever one piece mat custom-made by TH Golf, suitably designed for both right handed and left handed golfers. A complete mat, with multiple options for teeing and grass feels. Finally, a mat to cater for all golfers!

Specifications

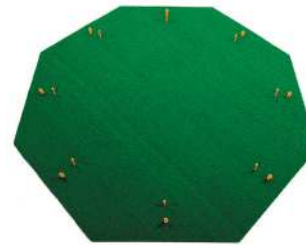

Material: Nylon crimp turf | Tee turf crimp | Eco glue | EVA foam rubber | Hard rubber

- Grass layer - High quality nylon crimp turf (centre), premium tee turf crimp (both sides)
- Base layers - 3 layer base consisting of EVA foam rubber, eco glue and a specialised hard durable rubber layer

Additional information:

Size: 150cm x 150cm
 Thickness: 30mm (centre), 40mm (sides)
 Weight: 27kg
 Tee holes: 2

Reinforced tee hole on two sides of the mat
 Tee turf sides allow you to peg up a wooden tee
 Recommended for golf ranges

TH Octagon Mat

TH Octagon Mat & Rubber Base

The TH octagon mat is engineered to tolerate repeated long practice sessions. This mat is cleverly designed with eight rubber tee holes and eight tee line slots to allow maximum use for practice. With a unique shape, it provides a different alignment platform - different from the traditional square mats.

Specifications

Material: Nylon crimp turf | Eco glue | EVA foam rubber | Hard rubber

- Nylon crimp turf designed for a fairway feel
- Eco friendly glue layer with strong bonding properties
- Closed cell EVA foam rubber - high mechanical strength and shock absorbing
- Specialised hard rubber - anti slip and waterproof

Additional information:

Dimensions: 150cm x 150cm
 Thickness: 3.5cm
 Weight: 25kg
 Tee holes: 8
 Tee lines: 8

Includes 3 durable rubber tees
 We can also insert extra tee holes on request

TH Custom Mat 1.0

TH Custom Mat 1.0 & Rubber Ball Tray

This is the ultimate golf mat. The 4-in-1 mat system will give you comfort whilst striking the ball. With an option to add a rubber ball tray. Our mat system caters for both left- and right-hand golfers. This system will save you money as you will only need to replace the strips on the sides when they get worn.

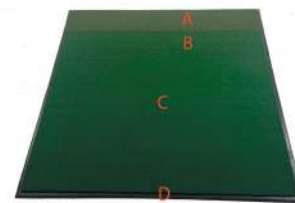

Includes:

- B: 2x TH Replacement Fairway Strip (150cm x 25cm)
- C: TH Standing Mat (150cm x 100cm)
- D: TH Rubber Golf Mat Base (151cm x 151cm)
- E: Rubber Ball Tray (110cm x 30cm)

Additional information:

- TH Replacement Fairway Strip has a soft fairway feel and includes a tee hole and tee line slot for wooden tees
- TH Standing Mat has great grip control
- TH Rubber Golf Mat Base stops the mat from moving
- Rubber Golf Ball Tray can hold up to 150 balls

You only need to replace the strips once the sides are worn and not the whole mat which saves a lot of money. We can insert extra tee holes on request.

TH Custom Mat 2.0

TH Custom Mat 2.0 & Rubber Ball Tray

This is the ultimate golf mat. The 4-in-1 mat system will give you comfort whilst striking the ball. With an option to add a rubber ball tray for the complete system.

Includes:

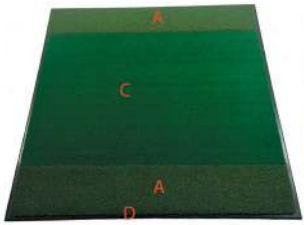

- A: TH Replacement Tee Turf Strip (150cm x 25cm)
- B: TH Replacement Fairway Strip (150cm x 25cm)
- C: TH Standing Mat (150cm x 100cm)
- D: TH Rubber Golf Mat Base (151cm x 151cm)
- E: Rubber Ball Tray (110cm x 30cm)

Additional information:

- Tee Turf Strip can hold wooden tees
- Fairway Strip has a tee line slot and tee hole to hold a rubber or wooden tee
- TH Standing Mat has great grip control
- TH Rubber Golf Mat Base stops the mat from moving
- Rubber Golf Ball Tray can hold up to 150 balls

You only need to replace the strips once the sides are worn and not the whole mat which saves a lot of money. We can insert extra tee holes on request.

TH Custom Mat 3.0

TH Custom Mat 3.0 & Rubber Ball Tray

This is the ultimate golf mat. The 4-in-1 mat system will give you comfort whilst striking the ball. With an option to add a rubber ball tray for the complete system.

Includes:

- A: 2x TH Replacement Tee Turf Strip (150cm x 25cm)
- C: TH Standing Mat (150cm x 100cm)
- D: TH Rubber Golf Mat Base (151cm x 151cm)
- E: Rubber Ball Tray (110cm x 30cm)

Additional information:

- Tee Turf Strip can hold wooden tees
- TH Standing Mat has great grip control
- TH Rubber Golf Mat Base stops the mat from moving
- Rubber Golf Ball Tray can hold up to 150 balls

You only need to replace the strips once the sides are worn and not the whole mat which saves a lot of money. We can insert extra tee holes on request.

TH Standing Mat

Standing range mat for the TH custom mat system, which can also be used as smaller hitting mat. Fairway grass feel, ideal setup for iron practice.

Specifications

Material: Nylon crimp turf | Eco glue | EVA foam rubber | Hard rubber

- Nylon crimp turf designed for a fairway feel
- Eco friendly glue layer with strong bonding properties
- Closed cell EVA foam rubber - high mechanical strength and shock absorbing
- Specialised hard rubber - anti slip and waterproof

Additional information:

Size: 150cm x 100cm

Thickness: 3.5cm

Weight: 18kg

This mat has an extra protective rubber layer making it heavier and more durable.

Not only is our mat a standing mat, but also a premium nylon turf hitting mat. Many standing mats are made of PP material (which wears easily), but ours is made of high quality woven nylon crimp allowing for a fairway feel and longer use.

We can also insert extra tee holes on request

TH Replacement Fairway Strip

Our replacement hitting mat for our TH Custom mat system. A soft fairway feel, with two style of teeing options. A great economical option if you want to just hit off this strip and replace in the future.

Specifications

Material: Nylon crimp turf | Eco glue | EVA foam rubber | Hard rubber

- Nylon crimp turf designed for a fairway feel
- Eco friendly glue layer with strong bonding properties
- Closed cell EVA foam rubber - high mechanical strength and shock absorbing
- Specialised hard rubber - anti slip and waterproof

Additional Information:

Size: 150cm x 25cm
 Thickness: 3.5cm
 Weight: 4.5kg
 Tee holes: 1
 Tee line: 1

Tee line slot and tee hole for different options and preferences.
 We can also insert extra tee holes on request.
 The TH fairway strip is for the TH custom mat system.

TH Replacement Tee Turf Strip

Our tee turf replacement strip used in our TH custom mat system is a great addition as you can tee up using wooden tees. This tee turf has been specially made to withstand practice for longer durations and has a forgiving fairway feel. If you are someone who struggles with wrist pain or hits down on the ball then this is the style to have in our TH custom mat system.

Specifications

Material: Tee turf crimp | Eco glue | EVA foam rubber

- Premium Tee turf designed for a mid fairway feel and wooden tee use
- Eco friendly glue layer with strong bonding properties
- Closed cell EVA foam rubber - high mechanical strength and shock absorbing

Additional information:

Size: 150cm x 25cm
 Thickness: 3.5cm
 Weight: 4 kg

Replacement strip for the TH Custom Mat system.

Customised Golf Mats

Here at TH Golf we have the ability to create any size and shape range mats. If you need your range mats cut out for simulator style mats or even some different colour text logo on the mats for your golf club, then this is also possible for larger orders. Or even different permanent colour turf lines on our mats for alignment/coaching purposes.

We can also make circular, hexagon, funky shaped mats, just send us a drawing or pdf file and we will advise if this is possible.

TH Rubber Golf Mat Base

All weather rubber golf mat base, specifically designed to hold our 1.5m x 1.5m golf range mats. Due to its strong rubber composite, it allows for easy drainage and drying - helping to prolong the mat structure.

Specification

Material: 100% vulcanised rubber

- Anti-shock vulcanized rubber base provides a stable base for enhanced performance - Heavy duty/ Anti-skid
- Pre-moulded circular holes for easy drainage
- Designed specifically to hold all our 1.5m x 1.5m size mats and TH custom system
- Extra protection for mats placed within the base
- Waterproof material
- Suitable for indoor and outdoor use

Additional Information:

Inner: 151cm x 151cm
 Outer: 156cm x 156cm
 Material: Rubber
 Weight: 32 kg

Recommended with our 1.5m x 1.5m TH Golf Range Mats. Base increases stability and control.

Range Golf Ball Tray

This rubber ball tray manufactured from high quality vulcanised rubber can fit up to 150 golf balls. With its waterproof material and its pre moulded holes for easy drainage, this is a great addition to fit with any of our mats.

Specification

Material: 100% vulcanised rubber

- Vulcanised rubber making it extremely durable
- Pre moulded circular holes for easy drainage
- Waterproof material
- Suitable for indoor and outdoor use

Additional information:

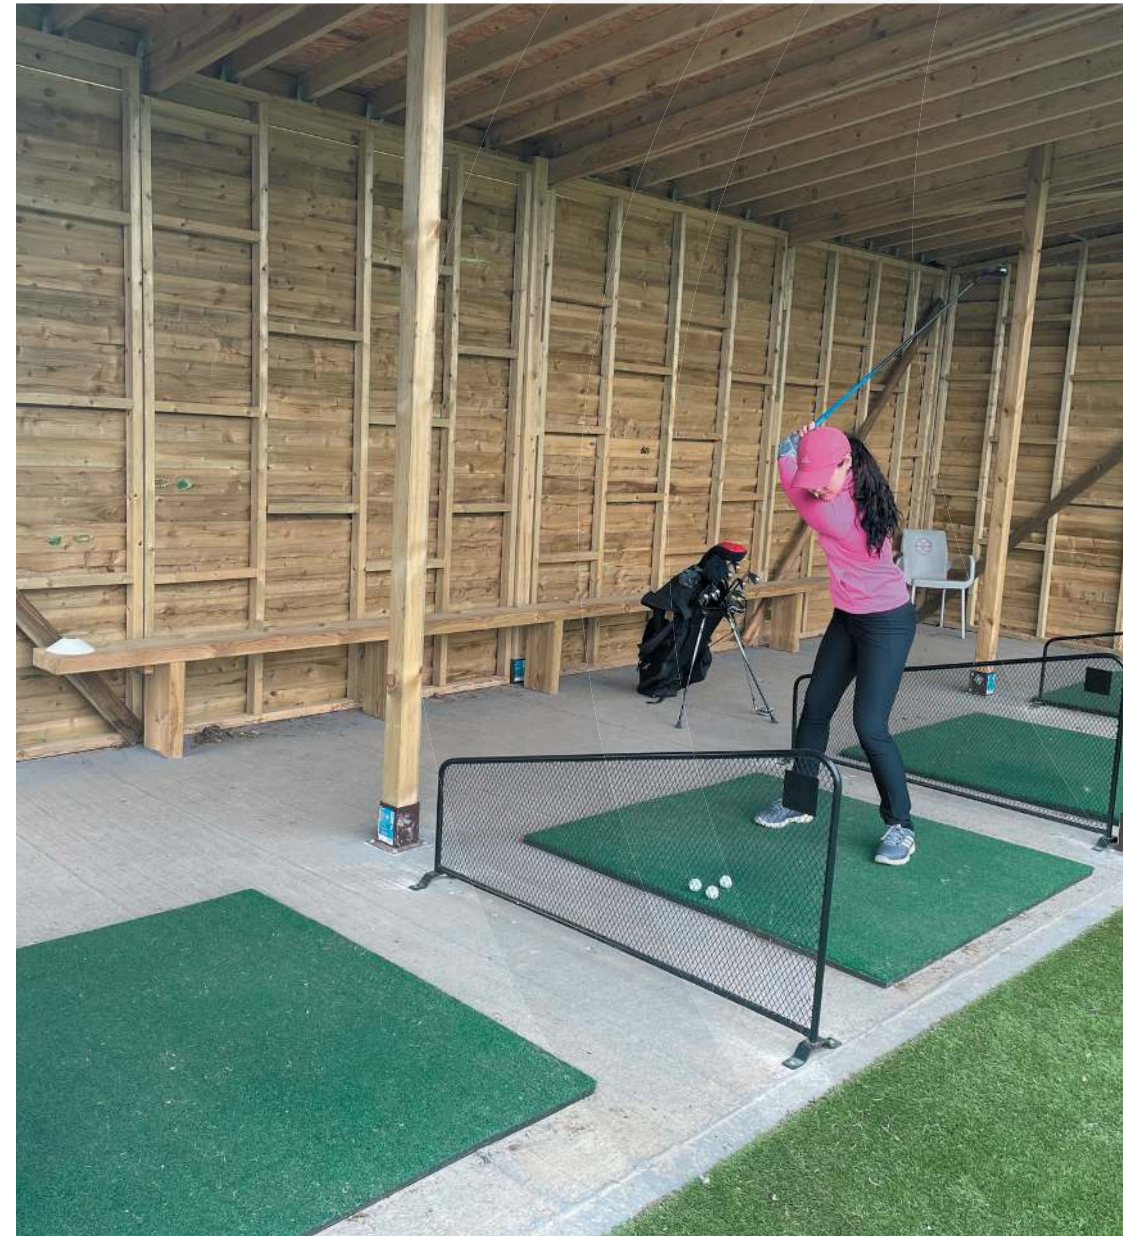

Size: 110cm x 30cm x 9cm

Weight: 6.5kg

Material: Rubber

Capacity: 150 balls

Recommended with our TH Custom Mat

Range Targets

Our new Textilene Range Targets are a great accessory to your range with 5 different distances 50, 100, 150, 200, 250 to make practice that much more fun. You won't need to worry about replacing these targets as they are made to last! Our larger range targets of 150, 200, 250 are specifically designed by TH Golf to be very big so they can be seen from longer distances!

Specification

Target Sizes (50 & 100): 1.22M (W) x 0.61M (H)

Target Sizes (150, 200, 250): 1.3M (W) x 1.3M (H)

Frame Size (50 & 100): 1.22M (W) X 1M (H)

Frame Size (150, 200, 250): 1.3M (W) X 1.5M (H)

Additional information:

Material: Made of very strong and durable textilene which is made to last in wet and windy weather

Notes: Our Full Sets (with poles) include **Strong Steel poles**, clamps, and ground sockets - everything needed for the full set up. We can even add your logos on our range banners or even have your logos on the centre to aim at so please ask us if you would like to have this.

Range Balls

At TH Golf we offer 3 different types of golf range balls. Our range balls have an extra surlyn cover to reduce the amount of wear and tear on the outside of the golf ball. Free logo is included with all purchases. Samples available upon request. All our range balls go through a thorough testing system to meet our high-performance standards.

2 Piece Premium Range Ball - White

2 Piece Premium Range Ball - Yellow

Our premium range ball is designed to last longer than your standard range ball as its made of a special surlyn cover to help protect for longer periods. The flight of the ball is extremely consistent and flies just as far as a standard professional golf ball. You will not be disappointed by the performance of our premium range balls.

Dimples: 332 | Colour: White/Yellow | Logo: Yes | Compression: 90
Hardness: 60 | Spin Rate: Medium

2 Piece Standard Range Ball - White

2 Piece Standard Range Ball - Yellow

Our standard range ball is extremely versatile and consistent. The ball flies just as well as a tournament golf ball and is made to last longer than other range balls. It is our most economical range ball.

Dimples: 432 | Colour: White/Yellow | Logo: Yes | Compression: 95
Hardness: 60 | Spin Rate: Low

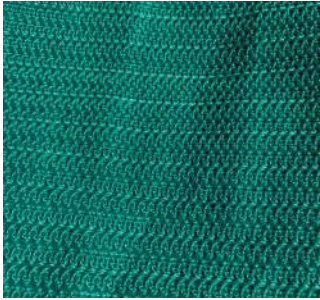

2 Piece Limited Distance Range Ball - White

2 Piece Limited Distance Range Ball - Yellow

Our Limited Range ball is fantastic for ranges with limited space. Not only is this ball limited but will last an extremely long time. The flight is very consistent and flies at 85% distance compared to a tournament golf ball.

Dimples: 428 | Colour: White/Yellow | Logo: Yes | Compression: 110
Hardness: 55 | Spin Rate: Very Low

Golf Archery Netting

Our New Golf Archery Netting can be used as a baffle netting for golf cages or simulators. It is extremely durable and able to withstand thousands of golf shots without creating major holes in the net and lasts up to 5 times longer than impact netting.

Specification

- Comes with eyelets every 30cm across each side of the net for hanging
- Strong PVC banding around edges
- Green & White Colour options
- White archery netting can be used as a projection screen for golf simulators
- Custom Sizes available on request

Green 3M X 3M

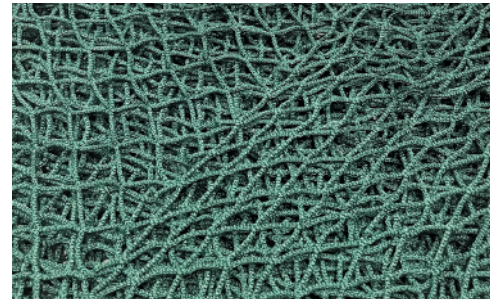

Green 3M X 4M

Golf Impact Netting

Our golf impact netting is made of the finest braided polypropylene which is made to last. It can be used for inside or outside for golf cage netting surrounds or as an impact panel. Specifically designed and manufactured to reduce wear and tear. This square 3M X 3M netting can be used in golf hitting cages for each side of the net.

Specification

- Heavy Duty Netting
- Perfect for Golf Cage Netting and stopping golf balls
- Made from the finest braided polypropylene for longevity
- 2 sides have reinforced edges for easy hanging
- Custom Sizes also available on request

Additional information:

We recommend using x 2 of the standard 3m x 3m if you plan on using it as an impact panel in a 3M X 3M Golf cage. Otherwise, see our archery golf netting options.

Golf Cages

TH Golf offers the most premium golf cage enclosures designed for commercial and personal use. A great way to practice both iron and driving shots either at home or before your golf round. Made and designed in the UK to offer the safest and best quality.

Specification

- All of our options include steel poles, joint sockets, surround netting with a choice of archery or impact netting to hit into. Cable ties are also included to secure the netting to the poles.
- Our Single Bay Cage Enclosure measures 3m x 3m x 3m (L x W x H) which gives plenty of room to hit into.
- Our Double Bay Cage Enclosure measures 6m x 3m x 3m (L X W X H) which creates two separate hitting bays essentially.

Additional Information:

Our TH Golf Range Mats are a perfect fit to go with the golf cage enclosures. We are able to change or create any size cage or netting to fit your requirements. We can supply ground sockets or pole foam protectors at an extra cost. For archery netting option we will supply green archery netting but if you require white then we can add this at an extra cost.

Aluminium Golf Ferrule

Our slotted aluminium golf ferrules are on all of our flagsticks. Designed for debris to pass through and stop the friction. This is a USA SIZE FERRULE (27MM DIAMETER). So will ONLY FIT A USA SIZE HoleCup.

Note: These ferrules fit all of our course hole cups

Prism Top Pin Reflector

Consisting of 6 prisms on the top of the flagstick this AimPoint Parsett reflector on the tops of the pin help pick up lasers a lot quicker and easier. Quickening up play and less time spent lasering the distance to the flag.

Rubber Grommets

Our Rubber Grommets are for supporting flags such as our 'Please Repair Ball Marks' flags. They can also be used for our standard flags to support the bottom of the tube lock flags to prevent damage and rattling.

Specification

- Come in packs of 20 or 40
- Two sizes to fit 12.7mm (standard style) or 19mm (tournament style) flagstick diameters

Pack of 20 – 13mm

Pack of 20 – 19mm

Pack of 40 – 13mm

Pack of 40 – 19mm

Please Repair Ball Marks Flags

Our Mini 'Please Repair Ball Marks' flags are a great addition for your flagsticks. These can also be used to indicate whether the flag is at the front, middle or back of the green.

Specification

- High Quality Screen Print 420D Nylon
- Tube lock style flag
- 4 Style stitching edges to prolong the life of the flag
- Size 13cm x 19cm

NOTE: These flags can be used on flag pins, but you may need a rubber grommet to help keep the flag in position if you are using a standard flagstick.

Tee Markers – Personalised Styles

Aluminium Hole Setter

Our aluminium cup setter is a heavy-duty hole equipment designed to set a regulation cup to the correct depth and smooths the edge of the hole for a perfect circular shape.

Putting Hole Steel Fixture

Our Putting Hole Steel Fixture is designed to fix into the cup and you are then able to spray paint the top side of the hole white without getting any paint on the cup itself. This makes life a lot easier, and you don't have to worry about getting paint all over the green.

Three Hole Cup Puller

Our stainless steel three hole cup puller is designed to pull out our hole cups - EZ Hole cup and our Pink Hole cup. An easy device to simply pull out the cup without harming the hole.

Golf Hole Highlighter/Stabiliser

Our Golf Hole Highlighter is designed to be placed on the top of a standard regulation cup. This leaves the hole with a nice white finish - helps maintain the shape of the hole and prevents any soil or debris from entering the hole.

Pack of 20

Pack of 40

EZ Holecup Replacement Sleeve

EZ Holecup Replacement Sleeve Pack of 20

Our EZ Holecup Replacement Sleeve is specifically for our EZ Holecup. For changing the insides of the cup. These are great if you want to add logos and your brand for special events. The inside of the cup never has to get dirty again.

Additional information:

If you require logos to be added onto the white sleeves, then we can also provide this at an extra cost.

Green Rope Stake

Our green stakes are made of hard recycled plastic and virtually unbreakable, making them a great accessory to the golf course. These are great ways to allow traffic in certain directions or to rope off areas around the course and practice area.

Specification

- Tall size 24" (61cm)
- Made of recycled plastic
- Slot designed for 1/4" (0.64cm) braided rope
- Spike on bottom of stake for easy access into ground

Specification

- Flagstick: Thick 3ft White Option (other colours also available)
- Base Lifter: Metal (premium) or plastic (economical) base lifter to suit your putting green (fits a 27mm diameter hole size)
- Holecup: Aluminium or Strong ABS Cup (10cm Height)
- Flags: Choice of 3 colours which are all premium 4 lined stitched & have a double layer to withstand harsh, windy conditions (other colours available)

Additional information:

We can also embroider logos onto the flags at an extra cost We can mix and match the flag colours and any other custom colour of your choice

Putting Green Flagstick Set

Personalised Golf Tees

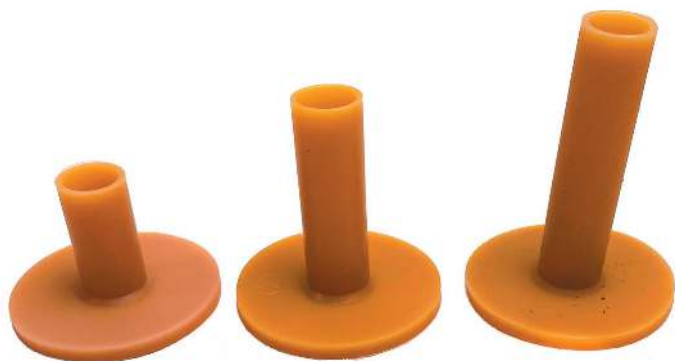

Here at TH Golf, we can customize our golf tees to any logo or text that you need. The tees are DIGITALLY PRINTED for that extra premium look. We offer a range of services including different size and colour tees to choose from. Great for societies, big events, sponsors and personal use.

Additional information:

We require the following information when placing an order:

- Text you require/your artwork (preferably pdf, ai or eps form)
- Colour of tee (Standard is white colour)
- Size of tee
- Shaft print, cup print or both

We have a minimum order of 5000 for our customised tees. Lead times for customised tees are 15-25 days.

Rubber Golf Tees

Three different sized rubber tees that can be used with any golf mat with circular holes. These durable tees are a perfect accessory to have when you want to tee the ball up. The 35mm & 45mm for iron shots, 55mm & 60mm for mini woods, 70mm & 80mm for larger drivers.

Specifications

Material: 100% Rubber

- Durable
- Designed to be used with a golf mat

Additional information:

Sizes: 35mm, 45mm, 55mm, 60mm, 70mm, 80mm

Profect Putting Gates & String Bag

Our Profect putting gates comes with 3 different sizes 50mm, 55mm & 60mm for your ball to pass through. And in addition to this these can be used indoors or outdoors as they come with stand bases. Also, our string bag is made of leather which gives it a nice look and feel.

X1 pair of bases

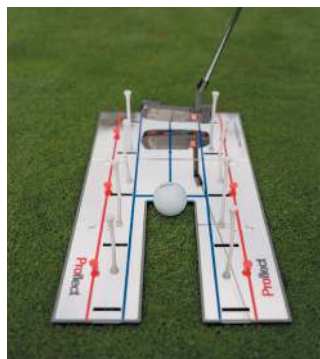

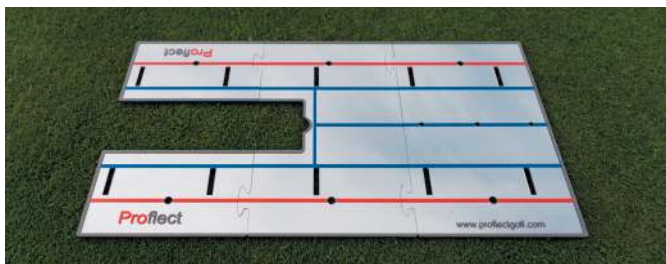

X3 pair of bases

Profect String Line

Our Profect string line can stretch up to 4.5M long and in addition it can stretch slightly, giving it less movement in the wind. The blue colour string line and black fiberglass rods gives it that more appealing look when putting.

Profect Tour Putting Stick

Our new Profect tour putting stick is used for improving your stroke and correct shoulder rotation through the ball. (From pictures) twist the stick further outwards to obtain the correct length for standing over the ball and lock into your chest. When taking your stroke, you will feel the shoulder rotation back and through the ball being almost symmetrical and you'll start to feel the relation between your shoulder and putter movement. A great training aid to get the putter moving on a more consistent line!

Profect Jigsaw Putting Mirror

Our new Profect Golf Putting Mirror is one of a kind on the market. Its unique design consisting of 4 'jigsaw' like mirrors fit together to create one long putting mirror. In addition to this it allows for easy storage in your golf bag! There are different lines on the putting mirror to improve your shoulder, head and putter alignment. Also, there are inserted tee holes and slots for options to add tees to further improve your stroke and alignment.

Specification

- Size: 45cm x 24cm (large mirror)
- Red Lines for shoulder Alignment
- Blue lines for putter movement and alignment
- Includes premium leather mirror bag for storage
- Tee slots and tee holes to insert tees

Additional information:

Best used on flat greens.
Please remove film on both sides of the mirror.

Circular Cup Minimizer

Our Profect Circular Cup Minimizer is a great tool to improve your putting performance. A putting aid to that consists of two parts where you can either minimize the hole slightly or a bit bigger than a golf ball.

Cup Reducer

Our Profect Cup Reducer is a great putting tool to help visualise the ball travelling through the different sides of the hole. A fantastic aid as the centre of the hole can technically be on the right side of the hole if it is sloping massively right to left. This putting aid will get you rolling the ball to the exact part of the hole you're trying to putt to.

LED Golf Balls

Our new Prolect Golf balls are LED Balls that continuously glow when you hit them. A great accessory for practicing in the night and a bit of fun with some friends. Never lose a ball again!

Specification

- Colours available: Pink, Red, Blue, Green.
- Balls are boxed in sleeves of 3 so can be a nice gift for friends.
- Balls continuously glow for up to 8 minutes once hit

Note: These golf balls feel harder than standard balls as they have an LED chip in the centre to allow for the glow. We recommend they are used for fun for practice and not in competition as they do not fly as far.
